

Technical Data Sheet

Product

Silvercheck

Code

CAT – NO32 – 247

Description

This ready-to-use Silverfish and Greyfish trap is a self-contained and user-friendly cardboard station with a powerful sticky base. Included with this product is a sachet of lure powder which is highly effective in attracting crawling insect pests. The trap can be used to effectively control both Common silverfish (*Lepisma saccharina*) and Grey silverfish (*Ctenolepisma longicaudata*) infestations. Simple and effective, these traps are ideal for use in large or small spaces in both private and public areas.

Active ingredient: Multi-food attractant.

Inert ingredient: Card trap and Glue.

Size: 200mm x 94 mm.

Longevity: This product may last 12 months in its original packaging at normal temperature and up to 2 months out of the packet.

Packaging: Our Silvercheck kits come ready-to-use in a box of 10 packs comprising of 10 boards and lures (100 units).

Application

To protect items such as wallpaper and clothing, place the trap near cracks and crevices, ideally on a flat surface, where Common and Grey silverfish are most likely to be found.

The double sided tape on the rear of the Silvercheck trap may be utilised to attach this product to walls or skirting boards if necessary.

For best results, please place 1 unit per 5 square metres within the affected area.

Storage

Store out of direct sunlight in a cool, dry place.

Precautions

Keep away from pets and children.

Anyone allergic to seafood should take extra precaution when handling this product (e.g. Wear protective hand and eyewear and avoid inhalation of the lure powder).
